

Challenge #4: Lego Pirate Ship Replica

Problem:

Bob's Lego pirate ship has fallen apart and he wants YOU to rebuild it for him this time! He wants it to be exactly the same as it was before it fell apart.

Challenge:

Build a Lego pirate ship that has the same details as the one in the story.

Criteria:

1. The pirate ship must have:
 - Four sails
 - A mast
 - A lookout tower
 - A swimming pool
2. Your ship must be 3D

Constraint:

You may only use Legos to build the ship.

Research:

You may use the given ship diagram to guide you and do online searches to learn more about ships and their parts.
